It is a matter of immense delight for me to know that your college is going to publish the college magazine.

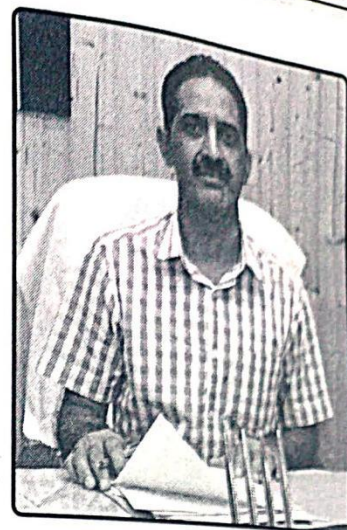

College magazine is a very useful medium for young minds to express their bristling ideas and thoughts. It gives a chance to students, the budding writers, to get the attention of others through their creative and contemporary writings. It is an essential ingredient of college regular activities and documentation of such events. The true purpose of higher education is to open the horizons for the curious young minds and to refine and polish them in such a way that they become responsible citizens of our country.

I wish your college a great future and grand success to the college magazine. I also congratulate the Editor(s) of the magazine and wish everyone all the best in their ventures.

Jai Hind.

It gives me immense pleasure to present this edition of our college magazine, a platform that not only captures the achievements, creativity, and thoughts of our students and faculty but also reflects the vibrant academic and cultural atmosphere of our institution. At Atal Bihari Vajpayee Government Degree College, Bangana, we are committed to holistic development - nurturing not only the intellect but also the character of our students. In the past year, our college has taken significant strides in academics, extracurricular activities, and infrastructure development. I take pride in the sincere efforts of our teaching and non-teaching staff, the energy and enthusiasm of our students, and the support of all stakeholders.

This magazine serves as a mirror of our collective efforts and showcases the talents, opinions, and imagination of the young minds that are the future of our nation. I congratulate the editorial team for their dedication and hard work in compiling and curating the content of this issue.
